With F.M.L.

SIMON SEZ...

Gasoline prices may go down 6 or 7 cents a gallon in the coming months, according to Treasury secretary William E. Simon.

IF:

Crude oil supplies continue to increase...

World prices are left untampered... Arab oil nations continue present production...

Simon says this combination of factors would reduce oil by \$3 a barrel if continued.

Record oil company profits are justified when balanced against need for capital to expand search for new oil, he says.

The former energy czar's successor, John C. Sawhill, however, was disappointed that Mobil Oil Corp. decided to use winter oil profits of hundreds of millions to buy Marcor, the holding company for Montgomery Ward.

But if gasoline comes off 6 or 7 cents a gallon at the pump, the net increase will be about 3 or 4 cents over a year ago in most cases. It would be nice if this "lffy" situation continues and the cost of some basic something such as gasoline would go back down.

That "Ford" in everyone's future is now in the White House and he is concerned about the increase proposed by GM on new cars. Perhaps his call for an economic summit will stabilize things so an increase won't have to fall back because of insufficient justification.

Energy cost leveling will have a dramatic effect on costs throughout the economy. Huzzah!

TAPE ENCOUNTER - Reggie Whalen (left) bagged this bobcat Saturday with the help of L. C. Angell and the Angells' tape recorder. The men were after a large wolf seen in the Maysfield area near their

homes and had set out a tape player complete with taped cry of a wounded rabbit, Angell said in less than three minutes the bobcat appeared. They also bagged a coyote, but the wolf eluded them.

Trustees Vote For Early Start On School Opening Schedule

Cameron students will start school early and get out early in the afternoon following action by school trustees Monday night voting to adopt the 8 a.m. to 2 p.m. schedule for the first few weeks of school while the weather is hot.

Trustees also dealt with a cooling problem in the leased Oxshier Smith home and opened bids on various items for school use. The agenda also included hiring of personnel and re-signation of two teachers.

Johnnie Good, electrical contractor told trustees he had made a survey of cooling equipment at the Smith home, which was deeded to the school and leased to Dr. John Vardiman. Good said extensive duct work would have to be done at a cost of about \$450 or \$500.

Board member Bill Hornung said he was not in favor of the school paying for the work, that he understood the house had been rented "as is." He voted against a motion passed by trustees to have Good take care of the upstairs cooling first before any work was done on downstairs. Voting yes were Carol Barr, John Henderson, Betsy Brown and Forrest Sapp. Dana Kestenbaum was absent.

Resignations were accepted from A. L. Henderson Jr. and Barbara Adamak.

Board voted to hire Linda Terry, Agnes Annalora, Mrs. Lanelle Dusek, and Sharon Hodges. Title I personnel hired included Louise Dodson, Lois Gunn, Anita Bartley, Bobby

Looney as social worker and Ethel Marek as school nurse. Aides for Title I program were also approved.

Johnny Barrett, local Dr. Pepper dealer, appeared before the board and requested that he be allowed to install equipment in the two concession stands at Yoe Field to sell pre-mix Dr. Pepper.

Discussion brought out the statement that the concession stands should run on school policy rather than on FFA policy. The FFA runs the concession stands at the present time. Vote was to allow Barrett to put his products and equipment in the stands and those in charge be instructed to give the local distributor equal opportunity to sell as any other product in the stands.

A bid of \$6,274 was accepted from Kenneth Willy for the purchase of the former Maysfield school property. Four bids were received, ranging from a low of \$2,100 from Hollie Roberts of Waco; \$3,316 from C. F. Tyson and \$5,571 from Ned McElwath.

Supt. Buddy Dulin said bids are still being received on two refrigerators and two dishwashers for the school lunchrooms, a dryer for the athletic department and on a new mower.

Bid for milk and ice cream was awarded to Pure Milk Co. and bread bid to Rainbo. No bids were received on gasoline and Exxon was named as gasoline supplier for the schools.

Board adopted a policy for procedures of evaluation of professional

staff members and Supt. Dulin showed a form prepared by Texas State Teachers Association for the evaluation.

Dulin recommended a salary increase for James Petty, junior high coach, of \$300 a year, and board approved. An expanded athletic program for girls was discussed with head athletic director Ed Cauley favoring adding additional programs to the athletic budget. Dulin said no facilities are available for girls basketball at the present time and it would be difficult to schedule the program to mesh with the school's PE program.

Registration Set August 20 For TJC Courses

Registration has been set for August 20 at 7 p.m. in the Yoe Library for Temple Junior College extension courses in Cameron. At that time tuition and fees will be paid and the student officially enrolled for classes which will start September 3.

Preregistration figures indicate that the following courses will have sufficient enrollment to be offered by TJC.

Beginning Typing, Federal Government, U. S. History to 1865, General Psychology and Real Estate Fundamentals.

Should at least ten persons indicate on registration night an interest in any other courses, then that course will also be offered.

Tuition and fees for one course are \$34, for two courses \$43. Books may be purchased at the time of registration. Cost of the books, excluding tax are: Business \$7.50, workbook \$2.90; Government \$7; History \$12.50; Psychology \$11.25; and Real Estate \$11.25.

If fewer than ten persons are present to register for a particular course, then that course will not be offered, TJC officials said. It is important that all of those interested be present at 7 p.m. August 20. One person's failure to be there and to be on time may cause a course not to be offered.

Typing will be taught from 6:30 to 8:55 p.m. Government, History, Psychology and Real Estate from 6:30 to 9:20 p.m.

Board Adopts 74-75 Budget

A \$1,234,568 budget was adopted by school trustees at a regular meeting Monday night with revenues and expenses higher than those of last year's budget of \$1,119,509.

The budget was submitted for approval by new school Supt. Buddy Dulin.

Local revenue sources total \$376,756 and include \$349,217 from local maintenance tax, \$14,551 from debt service tax, \$3,400 from past due taxes, \$1,600 from interest and penalty on delinquent taxes, \$3,025 interest on bonds, \$3,500 on investments and \$1,463 from the county.

Revenue from state sources totals \$801,712 with \$272,212 per capita, \$310,861 salary and operation, \$33,850 transportation, \$4,600 vocational travel and equipment reimbursement.

Titles I, II and III will add \$151,355, sick leave \$4,000 and incentive aid \$26,834. Transfers, non-revenue receipts total \$54,000 for short term loans.

EXPENDITURES

Expenditures include total payroll costs for instruction at \$751,-

748. This is for the school faculty, Title I teachers, substitute teachers and Title I aides.

Instruction also includes purchased services, supplies and materials, other materials, other expenses and capital outlay for a total of \$791,598. Instructional administration for \$6,643 includes pay for the Title I supervisor, supplies and other expenses.

Library costs are set at \$35,720 and this includes salaries, purchased services, supplies and materials, books and equipment and other expenses.

Costs for school administration total \$60,383 and include principals' salaries, secretaries, purchased services, supplies and other expenses. Expenses for school counselor are \$11,735 and for school social worker \$4,550. Total for health services is \$7,990.

For transportation, \$56,410 has been budgeted and this includes funds set aside for purchase of new buses. For co-curricular, the budget calls for \$8,385 and this includes student and athletic activity.

General administration expenses total \$175,435 and include superintendent's salary, secretary and tax assessor office salaries, purchased services, supplies, other expenses, debt service, and capital outlay.

Costs for plant maintenance and operation will total \$75,219 and this includes payroll costs and utilities, among others. Last item on the budget is community services at \$500.

CofC Directors Approve Plans For Crafts Show

Chamber of Commerce directors approved plans for an Arts and Crafts show scheduled for October 19 at City Park.

The Arts and Crafts Show and Sale will feature local and out-of-town artists. Sale booths will be limited to 50 and a special display of crafts is planned at the Cameron Public Library.

Advance publicity is expected to draw large crowds from the Central Texas Area to view the arts and crafts and enjoy barbeque, cold drinks and desserts in the city park pavilion.

Applications for booth space are now available at the Chamber of Commerce office. Deadline for applications is September 19. Mrs. Don Humble is chairman of the show.

Kindergarten Dates Changed

Due to the large number of new kindergarten students that registered August 8, it will be necessary for Kindergarten attendance dates to be changed. The change affects the half-year students only.

For the 1974-75 school year, children who are five years of age and born on or before February 12, 1969 will attend school all day the first semester. Children born after February 12, 1969 and on or before September 1, 1969 will attend school all day the second semester.

United Fund Sets Budget Meeting

The Cameron United Fund organization will meet to start preparing a budget for the coming year on Monday, August 19 at 4 p.m. in the Chamber of Commerce meeting room.

Agencies wishing to be included in the budget should be present at the meeting or contact James Hudson at P. O. Drawer III or at the Citizens National Bank, Cameron.

Yarrellton Residents Called To Meeting

A meeting has been called for the Yarrellton Community Association for Tuesday, August 24 at 8 p.m.

Residents are asked to be present to discuss the disposition of the old Yarrellton school property. More information may be obtained from Rodney Barker, Rt. 2, Buckholts.

Commissioners Set Tax Rate

Milam County Commissioners Monday set the tax rate at 95 cents for 1974 and planned for a public hearing on the proposed county budget August 30.

The budget hearing will be held from 9 to 10 a.m. in the county courtroom.

In other business, the court approved bond for Rex B. Jones who was appointed constable of Justice Precinct 2. He will serve in that post until the next general election.

Commissioners also voted to stop selling gravel, culverts, bridge timbers and other road material to the general public for private use.

Commissioner LaVert McKinney made a request for Justice of the Peace Jess Brock to hire a full-time secretary. McKinney said Brock was behind in posting and collections due to the large increase in speeding tickets. Vote was to approve the request.

Approval also came to pay expenses of the Veterans Service Officer to attend school in San Antonio in September.

A request from G. R. Varner of Gause was heard asking for the paving of four blocks in Gause while the highway department is widening and repaving Highway 79. Commissioner Gerald Vinton was authorized to get estimates on the project.

County Judge O. B. Harden explained an offer by "Green Thumb, Inc.", part of the Manpower Program, to take on a project in the city or county for beautification. The organization offers to furnish labor by local people age 55 or over. Judge Harden said he told the group they could probably have the job of beautifying the lot the new jail is on and perhaps do some work around the old jail. The project will await completion of the new jail.

Harden also told Commissioners that the roof of the new jail leaks and he has told the builder to get

the roofing contractor to repair the roof before the interior is completed. Another drain problem, one on top of the courthouse, was turned over to Commissioner Adolph Gresak for solving.

The court voted permission for Judge Harden to go to New York August 13-15 to complete the bond transaction with Alcoa.

Commissioner Dalton Caffey told the court he believes elected officials should receive a larger raise than the \$50 one granted at an earlier meeting. He said county salaries compare unfavorably with those in other counties and also with salaries paid city officials. No action was taken on the discussion.

Other business included approval to transfer \$40,000 from the general road and bridge fund to the four precinct road and bridge funds.

Commissioners also adjourned as a tax equalization board at the close of the meeting.

STREET MARKERS are checked by Works Supt. Bill Dase, kneeling, and city Code Inspector E. A. Bigbee after workmen started installing the white glazed ceramic "buttons" this week. The markers will be glued into place in the urban renewal project area.

If He Is Lucky...

Congress is seated behind Gerald Ford in his "honeymoon" days of a new administration.

The new President spoke Monday night for inflation control and restoration of confidence from your house to his, which now is the White House.

It was a "jolly time" for members of the House particularly, who know Ford as an honest man who was House minority leader when former President Richard Nixon tapped him for his conservatism.

Comparisons are already being made to Harry Truman's assumption of the presidency. Ford says he wants to be president of "all the people".

He is believable. He is a departure from every White House incumbent since Truman who rose upon the death of Franklin Roosevelt in April, 1945.

Truman asked what he could do for Eleanor Roosevelt at the time of her husband's death. And she replied: "What can we do for you?"

The same question is timely with the Ford Administration going in. He was appointed to replace Spiro Agnew who quit the vice-presidency in disgrace. He succeeds a President who chose not to square with the public and his own attorneys until the 11th hour.

His only mandate comes now from a need to stop inflation, encourage productivity and get a nation at peace at peace with itself.

He has a little over two years to do these things. And if Henry Kissinger sustains the initiative in diplomacy, Mr. Ford will have a battered domestic scene as his only real concern.

That is, if he is as lucky as he is conscientious.

Bush Most Likely..

In deciding for a vice-president, Gerald Ford seems to like George Bush, of Houston, and former New York Gov. Nelson Rockefeller, among about 15 names so far dropped.

Mrs. Ann Armstrong, former counsel to President Nixon, also has been considered.

The next vice-president well may be a nominee for president in two years and almost for certain in six. If Ford chooses to run for election, he may name Rockefeller because of age as an honorarium, but a better possibility for the New Yorker is secretary of treasury.

A good guess is that Bush will be Ford's vice-president since Melvin Laird, an able administrator and a good friend of Ford's, is staying in private life. Laird

is also too close geographically for a balanced ticket.

Bush is chairman of the Republican Party. He is a former congressman, ambassador to the UN under Nixon and still in his late 40s. He is prepping for something more than a vice - presidency.

Ford can then keep his options open, keeping a younger GOP leader in a position of gaining stature, still young enough and available even by 1980, if Ford were to run in 1976, win or lose.

Both Rockefeller and Gov. Ronald Reagan of California are in their 60s. Polls show either measures up to Ford's popularity which after Monday's speech will be that much greater.

All things equal, the job will likely go to Bush, of Texas.

The Family Lawyer

"Lending" Your Home

Members of your church, club, lodge, or political party may want to hold a meeting in your home. If you say yes, what kind of legal responsibility are you taking on in case somebody gets hurt?

The answer usually depends on whether those who come are classified as social visitors or business visitors. Most courts say you owe only a moderate degree of care toward social visitors, but a high degree of care toward business visitors.

Which classification is the correct one for people who gather in a private home? They are not ordinary social guests, yet they have not come for business reasons either.

As a rule courts have decided that the social category, even if not exactly right, at least fits bet-

ter than the business category. The practical effect is to reduce the home owner's responsibility for accidents.

Consider a typical case: A woman opened her home for a meeting of college alumnae. During the evening, one of the visitors skidded on a loose throw rug and injured her shoulder. As a result, the hostess soon found herself facing a suit for damages. But the court held her not liable. The court said the victim, just like an ordinary social visitor, had to take the premises as she found them.

On the other hand, the home owner's risk goes up when there is a business element in the day's arrangements. In another case, a woman allowed the local garden club to send sightseers to her home as part of a tour. But each person who signed up had to pay the club a fee.

This fact made all the difference later on, when an injured sightseer sought damages from the hostess. The court said payment of the fee gave the visitor the same special rights as a cash customer in a place of business.

Hearings Sample Views On Coastal Assets

Views of citizens on how to save current assets of the Texas coast while permitting its orderly economic development are being sampled in a series of public hearings.

Hearings are a major initial step in development of a Coastal Zone Management Plan.

More than 150 representatives of business, labor, agriculture, industry and environmental groups outlined expectations for the plan at a workshop here last week.

Need for a balance between economic development and protection of natural resources emerged as the key element for the CZM plan.

CZM is concerned with economic development, urban population growth, water supply, local control, residential and resort home development and power plant siting.

Hearings are slated for August 13 in Harlingen, August 28 in Corpus Christi, September 5 in Victoria, September 12 in Beaumont, September 23 in Houston, September 24 in Galveston and September 27 in Austin.

The technical phase of the program starting in the fall will seek to arrive at estimates of demands on coastal resources, assess capability of resources to support the demands and to evaluate possible management mechanisms.

After more hearings in 1975 and 1976, final recommendations resulting from the plan will be made to the legislature in September, 1976.

DPS CHECK ASKED — Gov. Dolph Briscoe asked a full report on intelligence activities of the Department of Public Safety.

Briscoe said he would not rule out a separate citizens committee inquiry into DPS surveillance of individuals, but he will look at a DPS report before asking any further probe.

Surveillance activities of DPS came under critical scrutiny due to an agent's report on Robert W. Pomeroy, who led a citizens' group opposing a nuclear power plant near Fort Worth. DPS Director Wilson Speir has apologized for the Pomeroy report, and noted that it was never made a part of DPS permanent files since Pomeroy was not engaged in illegal activity.

Meanwhile, the state Senate's Jurisprudence Committee will have a select sub-committee headed by Sen. Oscar Mauzy of Dallas checking into the Pomeroy case and, generally, into invasion of privacy issues.

AG OPINIONS — Atty. Gen. John Hill held the state Office of Traffic Safety isn't authorized to sell T-shirts with a "drive Friendly" "logo" to finance a traffic safety program.

In other recent opinions, Hill concluded:

• Willacy County cannot use federal revenue sharing funds to support its hospital district or a non-profit clinic for low-income residents.

• Texas Tech University can purchase group term life insurance from mutual companies for its faculty and staff.

• Blood donors over 18 are entitled to the same compensation as those over 21, regardless of a state statute.

• Parttime employment as social workers is not prohibited under the dual employment prohibition of Texas law.

• A statute exempting from forced sale for taxes homesteads of persons over 65 is constitutional.

• A county may locate its juvenile detention facility in the same building as its county jail, as long as juvenile and adult offenders do not come in contact with each other.

• A district judge may assess as court costs reasonable investigators' fees for social studies called for in the family code.

APPOINTMENTS — Dr. Hugh Meredith has been named president of Sul Ross State University, effective September 1.

Kenneth Decker has been promoted to agent - in - charge of the 122 - member DPA narcotics service, and

Benny C. Boyd is assistant agent - in - charge.

Robert G. Welsch of Corpus Christi will succeed J. C. Roberts as Texas Highway Department district engineer in Abilene.

Rights Commission adopted a final determination of water rights in the Cibolo Creek Watershed of San Antonio River Basin.

The area was the first in the state to receive a complete adjudication of water rights under the 1967 Water Rights Adjudication Act.

The determination and the entire record of the proceedings will be filed in district court in San Antonio. The watershed contains parts of Kendall, Bexar, Comal, Guadalupe, Wilson and Karnes Counties.

PRISON PLAN CARRIED OUT — Agreed - on procedures were used to handle the Fred Gomez Carrasco siege at Huntsville prison, according to Governor Briscoe.

Briscoe said a variety of contingency plans had been approved for any emergency at the prison.

He said he is convinced that under the circumstances Department of Corrections Director W. J. Estelle Jr. "did all that was humanly possible to protect the lives of hostages and, at the same time, (to) protect the people of the State of Texas."

DPS named Ranger Capt. J. F. "Pete" Rogers to investigate how guns and ammunition were slipped into the

prison to Carrasco.

A Walker County grand jury is also investigating the incident, in which Carrasco, another inmate and two women hostages were slain during a breakout attempt after the longest prison revolt of its kind in U. S. history.

SHORT SNORTS

Nearly 1.1 million Texans — 9.14 per cent of the state's population — received food stamps with a total value of \$35.1 million in May, Welfare Commissioner Raymond Vowell reported.

The Texas Folklife Festival is scheduled in San Antonio September 12-15 at the Institute of Texan Cultures.

Uniform Meat Cut Identity Program Fostered by Meat Board Is Underway

For years consumers have been confused and frustrated by the myriad of names for meat cuts at the fresh meat counter in the typical food store. Such labels as Pike's Peak, Diamond Wedge, Goose-neck and Denver Pot-Roast are not particularly informa-

tive — especially when they don't always designate the same cut in different sections of the country, or even in stores in the same city. These various fanciful names are rarely intended to deceive the shopper, rather usually represent an attempt

by a retail store or company to give personal identity to a line of fresh meat cuts. Yet confusion and lack of confidence often result.

End to Confusion Coming

This situation is about to be changed — and for the better. The National Live Stock and Meat Board has accepted the responsibility for coordinating a standardized nationwide meat label-

ing system which will let the shopper know exactly what she is getting wherever she shops, according to President David H. Stroud. Industry-wide meetings to make this program a reality have been underway for months and results of the program should be apparent at the meat counter in early 1973.

Also a problem is the fact that many homemakers often

don't know how to cook different or unfamiliar meat cuts, thus unnecessarily limiting the variety of meat dishes they prepare. Lack of standardization and cookery information has created a wariness of the unknown, even though most of the new and unfamiliar cuts have been developed to provide more convenience and variety.

Informative Labeling

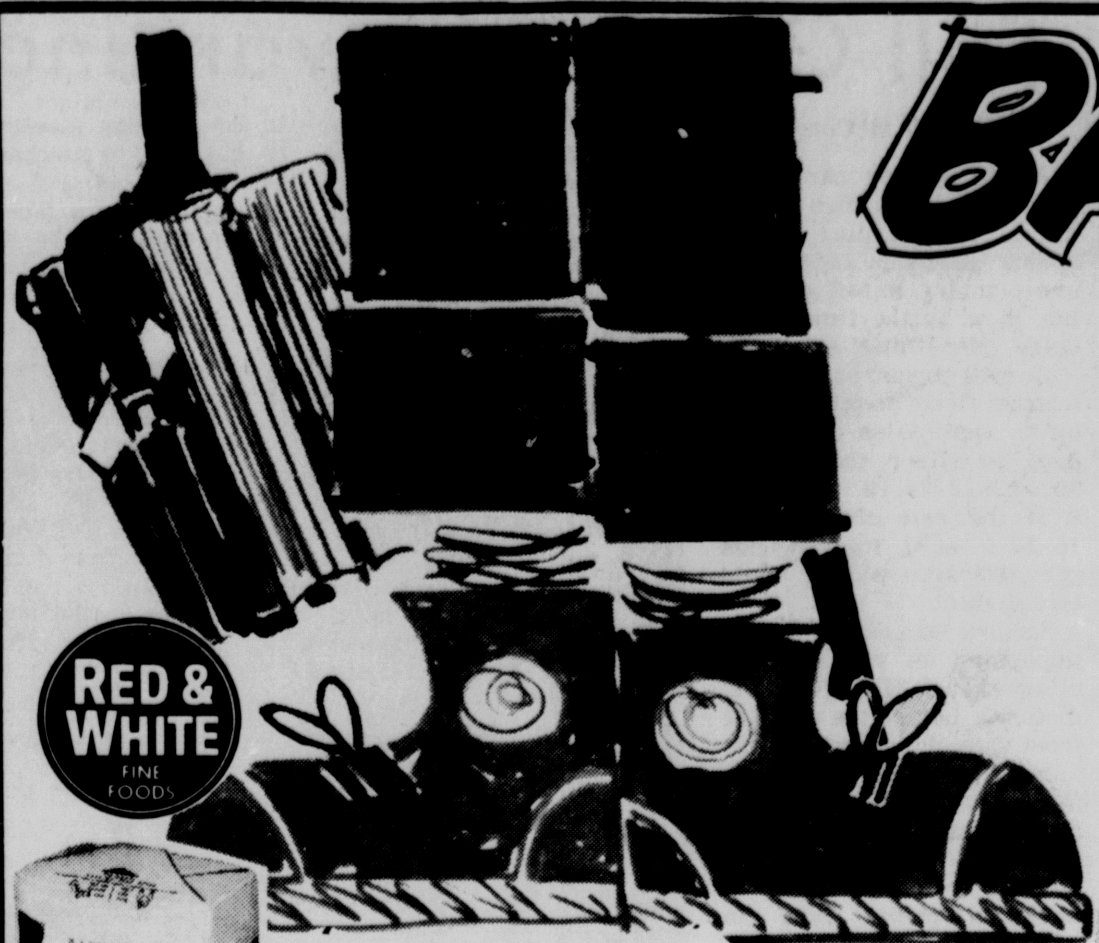

Under the new system each package of meat would bear the name of the meat by species (beef, veal, pork and lamb), the primal or whole-sale cut (chuck, loin, etc.), a common retail name of the cut standardized throughout the nation and, perhaps, the store's own customized

name. The latter would allow the store or chain to maintain its own identity without confusing the customer.

The National Live Stock and Meat Board, which observed its 50th anniversary last year, has always stressed the importance of recognizing meat cuts by shape and bone structure as well as

name, and the similarity of beef, pork and lamb cuts. With new methods of merchandising meat, it is important that homemakers learn what the new cuts are and how they are to be prepared.

COUPON EXPIRES Aug. 17, 1974

Grain Stocks Lower . . . Cotton Popping . . . Screwworms Multiply . . . Auction Sales Down.

TEXAS' STOCKS of corn, sorghum, oats and barley were four million bushels less than at the same time last year, down to 91 million bushels; and the stock of wheat on hand is estimated at 17.6 million bushels compared to 20.2 million bushels at the same time in 1973. Texas has just completed harvest of a wheat crop that was about a third less than in 1973, a loss caused by hot dry weather in North and West Texas. Sorghum stocks in the State were estimated at 60.2 million bushels and at 79 million bushels at the same time last year. Corn stocks were up from 10.1 million bushels on hand last year and 22.7 million bushels on hand this year. The oat carryover also is up, from 5.3 million bushels a year ago to 8.7 million bushels this year. Barley stocks were down from 338 thousand bushels a year ago to 135 thousand bushels this year. Commissioner John C. White has estimated that income this year from all agricultural sources will be \$2 billion less than in 1973 because of drought effects.

HOT, DRY weather in the Rio Grande Valley has helped the cotton harvest where USDA reported 800 cotton samples were classed at Harlingen before July 19. Only one sample had been classed on the same date last year. USDA has announced that the 1974 loan rates for upland cotton is 25.26 cents a pound for middling one-inch cotton, the same as the preliminary loan rates. The national average loan rate for extra long staple cotton is 49.72 cents a pound.

THE SOUTHWEST Screwworm Eradication Program headquartered at Mission has announced that Texas had 628 screwworm cases in June, the third most cases for June since the program began. June, 1972 was the worst with 15,889 cases and June, 1962 was next with 8,300. There were only 145 cases reported in June, 1973. The Mission lab said that it dropped 920 million sterile flies over screwworm areas in the United States and Mexico. About 546 million of the flies were dropped over Texas and 107 million over Sonora and the remainder over other areas of Mexico. Bee County's 55 cases were the most for any county during June, and Kenedy County was second with 51. Kenedy had only 14 cases in May.

TEXAS' AUCTION markets sold 349,000 head of cattle and calves during June, which was 46 per cent fewer than a year ago and five per cent fewer than in May, 1974, according to the Texas Crop and Livestock Reporting Service. Cattle prices continued down, which may account for the fewer sales, but drought conditions in many pastures may force more sales in August. Sheep sales were 151,000 head in June, one per cent below a year ago and five per cent above the previous month. Hog sales totaled 36,000 head during June, three per cent above a year ago and 10 per cent below the previous month. Texas shipped 225,184 head of cattle and calves out of the State and 53,378 head were shipped into the State from other states during June.

THERE WAS a parallel story for cattle and calves being fed for slaughter. Texas Crop and Livestock Service reported 1,777,000 head being fed for slaughter markets on July 1, a decline of 24 per cent from a year earlier and eight per cent below the number on June 1. "The July 1 estimate is the lowest since October 1, 1971 when it was 1,608,000," says TCLS. Among the 220 large feedlots in Texas (with capacity of 1,000 or more head), 180 reported they had 1,739,000 cattle on feed for slaughter, and the other 40 reported they were empty.

TEXAS FARMERS and ranchers are much better off than their predecessors in 1910-14, if that is any consolation. Texas Crop and Livestock Reporting Service reports that prices received by farmers and ranchers on June 15 were 448 per cent of the January, 1910-December, 1914 period, sometimes known as the base parity period. However, the all-crops index was three per cent below the month of May, 1974 and 36 per cent above a year ago. Food grain prices were up, and wheat and corn prices showed a slight increase over May prices. Hay prices remained about the same. Livestock and livestock product prices were down 12 per cent from May, 1974 and 28 per cent below a year ago. Livestock prices brought the all-farm products index of prices (crops, livestock, etc.) seven per cent below May prices and two per cent below a year ago.

South's Acreage Increase Indicates Good Crop Year

If there are any doubters still around who believe the agricultural south is disappearing, they probably have not taken a good look at what is going on in crop production this year.

That's the opinion of Emory Cunningham, president and publisher of Progressive Farmer magazine.

He says southern farmers have over a million and a half extra acres planted to major crops this year, compared to 1973. Cotton acreage in the south and southwest is up 13 per cent and corn and rice plantings are up 10 per cent each over a year ago.

States with significant increases in cotton acreage include Mississippi, 455,000; Arkansas, 380,000; Texas, 200,000; Tennessee, 120,000 and Alabama, 95,000. The south planted well over 90 percent of the nation's cotton, with a total acreage of 12,670,000. Texas, alone, grows more than 5,600,000 acres of cotton.

Corn acreage increases were largest in the following states: Texas, 230,000; North Carolina, 170,000; Georgia, 160,000; Kentucky, 130,000.

and South Carolina, 100,000. This region planted well over 10,500,000 acres to corn in 1974. Southern states growing more than one million acres of corn each are Georgia, 2,000,000; North Carolina, 1,700,000 and Kentucky, 1,300,000.

North Carolina and Kentucky are the only states to grow more than 100,000 acres of tobacco, with North Carolina holding a commanding lead of 408,000 acres to Kentucky's 183,000.

Peanut acreage, a crop grown almost exclusively in the south, totals 1,530,000 acres for this year, up slightly from a year ago. Rice growing is concentrated in Arkansas, Louisiana, Mississippi and Texas. The 2,000,000 acres planted this year represent a slight increase over 1973.

Soybean and sorghum acreages are down from last year. Soybeans is the south's most widely grown crop now, totalling 18,000,000 acres. Arkansas is the soybean acreage leader with 4,400,000 acres. Texas dominates the sorghum growing group of states with 7,600,000 acres.

Financial Peril Real For Farmers, Ranchers

The financial situation for agriculture is becoming very serious, according to an internationally recognized authority on agricultural finance.

"Farmers, ranchers and agribusiness firms are entering a perilous new era—one where the financial risks have never been so high," says Dr. John A. Hopkin, head of the Department of Agricultural Economics at Texas A&M University and a scientist with the Texas Agricultural Experiment Station.

Though capital requirements for investment and operation have never been so great, prices of farm commodities have seldom if ever, fluctuated so violently over such short periods, Hopkin notes. "The result can be a large and rapid loss of equity, such as the one recently experienced by cattle feeders. This situation could jeopardize the Texas cattle feeding industry."

How can Texas agribusiness best deal with these cost increases, price fluctuations and equity losses?

"First," says Hopkin, "we need to discover new sources and types of financing. Second, we need to develop better ways to reduce the inherent risks in today's agricultural production and marketing. Answers to these problems are being sought by widely-known researchers of the Texas Agricultural Experiment Station."

Marketing Commodities

"Marketing strategies of farmers become particularly important in times of high price uncertainty for farm commodities," says Dr. Vernon E. Schneider,

Anthrax Outbreak Controlled

AUSTIN--Agriculture Commissioner John C. White has credited fast response by ranchers and government agencies for bringing the Falls County anthrax outbreak under control.

After a recent air and ground survey of the affected area, White commented, "Anthrax is not now as big a problem in Texas as drought and low cattle prices."

However, White added that despite the inroads of modern medicine, no one can afford complacency about potential animal health hazards. He stressed the importance of vaccination in combating anthrax. "It is a blow to cattlemen to lose 200-300 head of cattle in these days of high production costs. But the situation could have been worse without this kind of quick mobilization by all concerned."

Gov. Dolph Briscoe mobilized units of the Texas National Guard to enforce the state quarantine at roadblocks and to search for dead cattle by helicopter as soon as the disease was confirmed July 12.

Mass vaccination of livestock in Falls County and seven surrounding buffer counties were conducted by local veterinarians and representatives of the Texas Animal Health Commissioner. Texas Department of Agriculture personnel worked with the guard to restrict livestock shipments from the quarantine area.

Dry hot weather provides the best host for growth of anthrax bacteria, especially if it has been preceded by a moist period. The bacteria can persist in the soil for extremely long periods of time.

Fall Garden Rewarding

By Bill McCutchen

A fall garden can be as good or sometimes even more rewarding than a spring garden, and if you are planning on fall gardening, now is the time to be doing something about it.

A well prepared seedbed is the first step followed by an application of a complete fertilizer such as 10-20-10, 12-24-12, or 8-16-8 at the rate of 2 to 3 or 16-20-0 at 2 to 3 pounds per 100 square feet would be suitable.

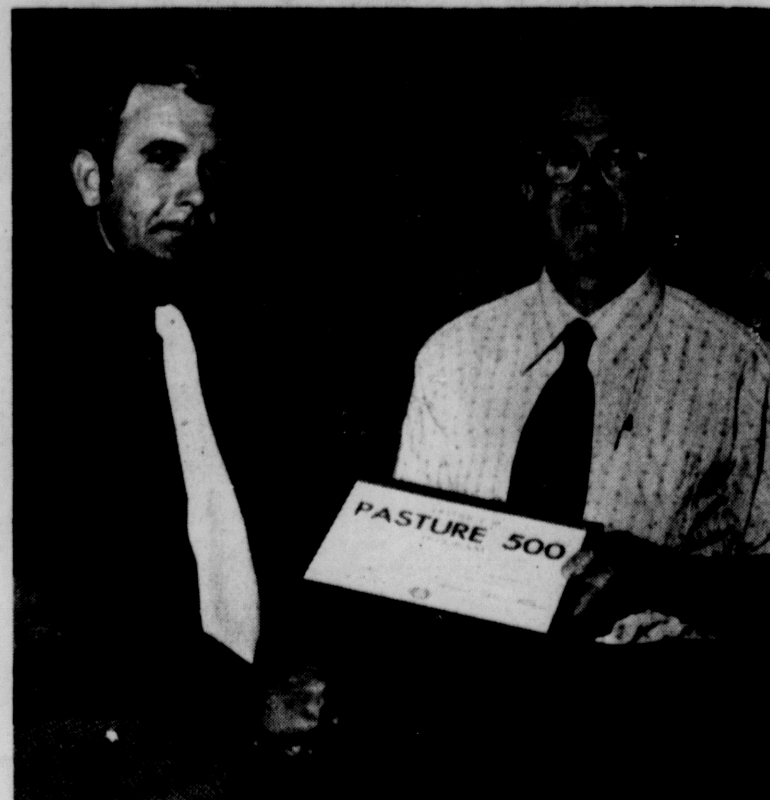

Seeding times are very important as you need to allow enough time for crop maturity before the average frost date of November 20th.

Irish potatoes and watermelons should be planted by mid August. Squash, tomatoes and sweet corn should be planted about the last two weeks of August. Okra can be planted anytime during August. Snap beans can be planted anytime in August or September and cucumbers can be planted the first half of September.

These are a few of the most common garden crops and planting dates. For further information feel free to come by or call the Extension office.

Milam County farmers and

ranchers who missed the local training meeting on the use of the M-44 spring loaded ejector which uses sodium cyanide capsules. The closest meeting will be in Killean at the First National Bank community room August 21st from 2-4 p.m.

RECEIVES AWARD - Morris Coward, right, of the Marlow community was presented a framed certificate for Result Demonstration work on winter pastures at an awards program at Houston recently. The certificate was presented by Bill McCutchen, county agent.

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

With summer heat scorching Texas, there is the possibility you could become a victim of sunstroke or heat exhaustion during the blast-furnace weather ahead, advises the Texas State Department of Health

The combined effects of the sun, exercise, heat and excessive perspiration with water and salt loss can produce serious symptoms and may even be fatal. Exposure to excessive heat may result in heat ex-

haustion, heat stroke, and heat cramps, with heat exhaustion being the most common. In exhaustion cases the person's temperature is approximately normal; in stroke, it is high. Most likely to be affected are the aged, the obese, the very young, alcohol addicts, and those suffering from any disease that impairs the strength of the entire body, say state health officials.

Sunstroke is caused by over exposure to the hot sun while heat exhaustion is due to prolonged exposure to high temperatures indoors or outdoors. In sunstroke the body overheats. Usually the

victim has a severe headache and everything looks red to him. Often the victim becomes unconscious.

Heat exhaustion is caused by prolonged heat and high humidity, but it is very different from sunstroke. The victim is usually conscious but weak and dizzy. His temperature falls instead of rises, and he feels cold and clammy.

In either case, call a doctor at once. The victim should be moved into the shade or a cool place and any tight clothing loosened. Simple, common-sense precautions will nearly always prevent these condi-

tions. During hot weather: Don't expose yourself to the heat when you don't have to.

Don't go out in the hot sunshine without a hat. Don't wear heavy or tight clothing.

Don't exercise strenuously in hot sun or heat. Don't exercise just before or after meals.

Don't overindulge in alcoholic drinks.

On sultry days, keep the air circulating to help the evaporation of perspiration. Keep shaded windows open and use an electric fan. Profuse perspiration

helps cool the body, but it draws fluids and certain chemicals away. If you perspire freely, you may need extra water and salt. Drink water often throughout the day, one glass at a time. The amount of salt needed depends on how much you lose through perspiration. Office workers probably get enough in their food, but others doing heavy labor may need salt tablets periodically or a quarter of a teaspoonful of salt dissolved in a glass of water every hour. Elderly people are prone to develop heat stroke. It

may appear in them on hot days during such apparently mild activity as a walk. But they are not the only victims.

Heat cramps usually involve the abdominal muscles or the limbs. Loss of chemicals in profuse perspiration precedes the cramps. The condition may be associated with heat exhaustion. Heat cramps usually respond better to firm pressure than to vigorous kneading.

Remember, the aging, the very young, alcoholics and

people with heart trouble are easily affected by sun and heat.

LOTS OF HONEY

Honeybees in the United States produce about \$50,000,000 worth of honey and beeswax each year.

HORN SPREAD

Texas Longhorns, the rugged survivors of the old cattle trail days, still more than live up to their names. A big steer checked as late as 1941 had the record horn spread: 8 ft. 7-3/8 inches, measured straight across from tip to tip.

happening about Town

Cameron, Texas, Herald, AUGUST 15, 1974 PAGE 6

YARD OF THE MONTH - Mr. and Mrs. Dwight Moody and Mr. Tom Stedon (center), 1002 E. 14th St., accept the Fleur de Lis Garden Club Yard of the Month award for August. Landscaped with foundation shrubs and shade trees, the yard also includes a private patio area where pot plants and permanent plantings create year-round beauty.

Friends Mark 85th Birthday

The home of Mrs. R. A. Griswold was opened on August 10, from 3-4 p.m. honoring her on her 85th birthday.

Friends visiting to extend birthday greetings included: Mmes. Clara Thweatt, Winnie Cook, Leona Hemanas, Estell Lake, Rosa Mackey, Ruby Small, Mona Taylor, Leona White, Eula Schlemmer, Doris Lafferty; Misses Lalla Meyers, Louise Jamison; Mr. and Mrs. Walter Lucas, Mrs. Phyllis Mortimer and sons, Mr. and Mrs. Raymond Griswold, Mr. and Mrs. Elmer Arldt and daughters.

Miss Aleene Griswold served as hostess and Mrs. W. M. Fanning and Mary Fanning were co-hostesses.

Black-McLerran Recite Vows

Miss Judy Kaye Black, daughter of Mr. and Mrs. Finis E. Black of Rockdale and Kenneth Ray McLerran, son of Mrs. Edna McLerran of Cameron and Mr. John McLerran of Salado, were married in a candlelight service Saturday evening at the First Baptist Church, Rockdale.

Rev. D. D. Simpson officiated and wedding music was presented by Mrs. Ernestine Betham, organist, and Miss Loretta Kunz of Cameron, soloist.

The bride wore a formal gown of silk organza. The molded bodice was trimmed with Venise and re-embroidered Alencon lace and full bishop sleeves were ruffled and cuffed with matching lace. A lace edged flounce hemline swept to a full chapel train. She wore an English illusion picture hat applied in Venise lace and carried a round bouquet of multi-colored carnations and pink roses with crimped satin streamers and strings of pearls.

Mrs. Barbara Black, sister of the bride, was maid of honor. Bridal attendants were Miss Teri Ellis of Houston, cousin of the bride, Mrs. Rose Urbanowsky of Bryan, Mrs. Chris Matthews of Cameron and Miss Margaret Gause of Gause.

They wore floor length voile dot gowns in rainbow colors of green, yellow, blue, pink, and lavender. They each wore hairbraided picture hats banded with Venise lace and carried nosegays of carnations and baby breath matching the color of their dress.

Best man was John H. McLerran Jr., brother of the groom, of Grand Prairie. Groomsmen were Richard Burnett, Dale Schigut, Craig Friemel and Mike Zajicek, all of Cameron.

Candlelighters and ushers were James Black, brother of the bride and Ricky Sapp of Cameron.

A reception immediately followed the ceremony in the church fellowship hall. Kim Ellis of Houston, cousin of the bride, registered guests.

The bride's table was covered with white satin and net and centered with an arrangement of carnations in rainbow colors. Appointments were of crystal and silver.

Gold candleholders with greenery centered the groom's table which was covered with a beige linen cloth edged with brown lace. Appointments were of gold and crystal.

Members of the house-party were Miss Jean McLerran, sister of the groom, and Rosie Rangel, both of Corpus Christi, Mrs. Pam McLerran of Grand Prairie, Mrs. Brenda Burks of Rockdale and Mrs. May Starnes of Bryan. Misses Lisa Beery of Wichita, Kan. and Cheryl Grimes of Houston distributed rice bags.

Following a short wedding trip the couple will make their home in Cameron.

A rehearsal dinner was hosted by the groom's mother Friday evening at Haus Bavaria in Rockdale.

ENGAGED - Dr. and Mrs. Sidney H. Richardson, 2005 North Hoover, Cameron, announce the engagement of their daughter, Linda Carol to Mr. Thomas Edward Stott III, son of Mr. and Mrs. Thomas Edward Stott Jr. of South Egremont, Mass. A September wedding is planned.

Church Rites Unite Miss Kornegay, Keith

The Gause Full Gospel Church was the setting for the wedding Saturday of Gladys Kornegay, Bryan, and Dale Keith of Snyder.

The bride is the daughter of Mr. and Mrs. Robert Arnold Kornegay of Gause. Mr. Keith is the son of Mrs. Minnie Bell Keith, Breckenridge, and the late Cecil Claude Keith. He is a graduate of Texas Tech and is employed by F.H.A. in Snyder.

Billy Sparks of Gause officiated at the ceremony and wedding music was presented by Mrs. Emmagene Bland.

The bride wore a gown

of white which she made with lace yoke, long sleeves, chapel train and beaded lace trim.

Zola Mae Kornegay of Snyder, sister-in-law of the bride, was matron of honor, and Mrs. Jerry McTennan of Bryan was bridesmaid. They wore floor length gowns fashioned of pink tulle.

Dawn Keith of Hurst was flower girl and Billy Kornegay of Gause was ring bearer.

Johnny Hoodenpyle of Waco served as best man. Groomsmen was Glen Davis of Snyder and candlelighters were Bobby Kornegay of Snyder and Lynn Keith of Breckenridge.

Following a wedding trip to New Orleans the couple will make their home at Rt. 1, Snyder.

Professional Group Names S. Mariani

Sister M. Jeanette Mariani of St. Edward Hospital was advanced to membership in the American College of Hospital Administrators at convocation ceremonies held August 11 in the grand ballroom of the Conrad Hilton Hotel in Chicago.

The announcement was made by Gene Kidd, chairman of the ACHA, a professional society now numbering 11,000 of the leading hospital and health facilities administrators in the United States and Canada.

The convocation marked the opening of the society's 40th annual meeting, held concurrently with the American Health Congress.

Births

To Mr. and Mrs. Stanley Joe Glaser of Route 2 Buckholts, a girl, Celeste Janelle, 6 pounds 6 1/2 ounces, born August 6 at Scott and White Hospital. Grandparents are Mr. and Mrs. Edwin F. Fisher and Mr. and Mrs. Joe Glaser of Buckholts. Great grandmother is Mrs. Fritz Glaser of Buckholts. Celeste is also welcomed by her 9 year old sister, Jocelyn Lanice.

cher and Mr. and Mrs. Joe Glaser of Buckholts. Great grandmother is Mrs. Fritz Glaser of Buckholts. Celeste is also welcomed by her 9 year old sister, Jocelyn Lanice.

Yoe Grad In Who's Who

Denise Price, daughter of Mr. and Mrs. Dwight Price Jr. of Cameron, is to be featured in the Eighth Annual Edition of Who's Who Among American High School Students, the largest student award publication in the nation.

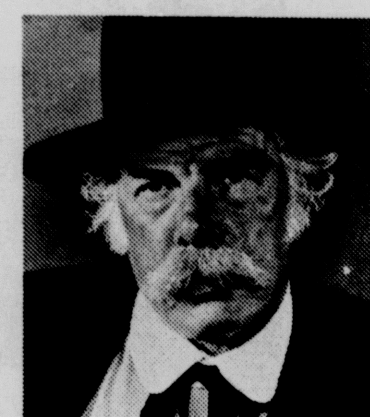

Denise is a 1974 graduate of Yoe High School. She was active in the Yoe High marching and playing band for four years, the F.H.A., Spanish Club, Spanish Honor Society, the National Honor Society and was a member of the Student Council.

Denise ranked sixth in the Yoe graduating class.

Births

To Mr. and Mrs. Roger Louis Williams of Cameron a boy, Roger Louis II, 7 pounds 1 1/2 ounces, born August 5 at Scott and White Hospital, Temple.

77 Drive In Features 2 Thrillers

LEE MARVIN as Harry Spikes

The 77 Drive In Theatre will feature "Spikes Gang" Thursday, Friday and Saturday, August 15-17, and "White Lightning" on Sunday, Monday, and Tuesday, August 18-20.

"Spikes Gang" is a dramatic western about three boys who emulate a bank robber they regard as a hero and will star Lee Marvin with Gary Grimes, Roy Howard and Charlie Martin Smith. The movie is a study of

human emotions that are as pertinent as any facing the most adventure - seeking youth of today. The three Texas farm boys who admire and follow Harry Spikes (Lee Marvin) are representative of any youngster who drops out to look for whatever he thinks will present adventure or thrills.

As the year's hottest actor, Burt Reynolds is starred in a new film called "White Lightning," a swiftly paced adventure drama about the popular southern American pastime of moon-shining and dare-devil hot-rod driving.

The story is about a gutsy man who's sworn revenge for the murder of his younger brother. Reynolds is cast as an expert auto driver doing time in a state pen for running bootleg whiskey. He is released in order to help U. S. Treasury agents trap a corrupt sheriff.

From Gause

By Mrs. Wanda Lee

Last Saturday night a week ago Ricky and Debbie Coats of Tyler had supper with me and Mrs. Alfred Coats, Sherri, Ray and Kevin. On Tuesday night Alfred's niece and husband, Roy and Renee Davis of Austin and Mark Coats of Lubbock visited and had supper with them. Mark remained in Gause till Thursday when they took him to Buffalo where they met Ricky and Debbie who took him on to Tyler with them for a visit.

Mr. and Mrs. Wiley Kirk recently visited relatives in Houston. Mrs. Kirk attended the funeral of Mrs. Payl (Shermayne) Moody in Hearne Thursday afternoon.

Wanda Lee and children went home to Houston with the Jim Lees last Monday. Wayne joined them Wednesday and they all attended an Astro Baseball game Wednesday night and returned home Thursday morning.

Mr. and Mrs. G. R. Varner recently spent a week vacationing in Arkansas. They spent this past weekend in

Houston where they visited with Mrs. Eddy Doty. They also planned to attend an Astro ball game.

Mrs. Lessie Kingsley spent this past week in Cleveland with her brother and wife, Mr. and Mrs. E. W. Rutherford.

Mr. Adrain McCowen from the V. A. Hospital in Temple, spent 10 days here with his sister, Mrs. Vera Butler.

Rev. J. O. Morman, F.I.-R.M. Area Missionary, of Rockdale preached at the morning and evening services at our Baptist Church this past Sunday. Mrs. Morman accompanied her husband down here.

Mr. and Mrs. Ruban Ray Case, son and niece of Cabot, Arkansas visited last week with Mr. and Mrs. C. E. Garrison. Ruban Ray also visited with his uncle and aunt, Mr. and Mrs. Koye Cass.

Rev. and Mrs. M. E. Smith of Hearne attended church services over here Sunday night.

Word was received Sunday of the death of Mrs. F. B. Bill of Georgetown. Rev. Dill was pastor of our Baptist Church about 11 years ago.

Mr. and Mrs. Chuck Cernuch, Donna and "Charlie" visited with friends in Victoria Saturday. Sunday evening Mr. and Mrs. Cernuch left for Arkansas to visit with his cousin and family. Their son Mike vacationed the last part of last week in Conroe with relatives and friends.

Mrs. Grace Stevens and Mike have bought a mobile home and are now living in Hearne.

Mr. and Mrs. M. D. Brown and children visited the week end in Comfort and on San Antonio where her father is a surgical patient in the Audie Murphy V. A. Hospital.

Maysfield...

By Mrs. J. P. Wise

Mr. and Mrs. Roy Newton returned home Sunday from Marlin after a weeks stay at the Falls Hotel and taking the hot baths.

Mrs. Marguerette Massengale spent the week end in Freeport with her daughter Mrs. Decui Baird. Al Baird of Freeport who had been visiting his grandmother returned home with her.

Mr. and Mrs. C. L. Singletory of Leedsville La., spent the week end with her parents Mr. and Mrs. Johnny Yates. Their little son had been visiting his grandparents returned home with them.

Mrs. Mariema Massengale and Mrs. Dock Thweatt visited Mr. and Mrs. Roy Newton in Marlin Thursday.

Mrs. Max Josey and daughter of Dallas, and Julie and Terri Gleason and Jennel Smith of Houston visited Mrs. Doris Gleason Monday and Tuesday.

Sunday guest of Mrs. Doris Gleason were Mr. and Mrs. Pat Gleason of St. Louis. Mr. and Mrs. Tommy Gleason and Mr. and Mrs. Randy Gleason of Houston, Miss Mary White of Dallas, Mr. Robert Simons and son of Hearne and Mr. and Mrs. Aurnon Kerns and Mr. nd Mrs. C. T. White of Maysfield.

Mrs. Leroy Massengale visited Mrs. Bonnie Morris of McGregor recently.

Your Servicemen-

FRANCIS COOK

Sergeant Francis Cook, son of Mr. and Mrs. Tommy Cook, Thorndale, is participating in a field training exercise July-August in Germany.

During the exercise, conducted at the Seventh Army major training center in Grafenwahr, Sgt. Cook will receive practical experience in all phases of artillery operations.

Sgt. Cook is a gunner in Battery C, 2nd Battalion, 83rd Field Artillery in Germany.

His wife, Cheryl, also lives in Thornadale.

WILLIAM RAY

Private William E. Ray 20, son of Mrs. Annie M. Ellison, Rockdale, arrived for duty with the 1st signal group at Ft. Lewis, Wash., under the army's station of choice enlistment program.

Pvt. Ray enlisted for duty at the Fort, where he is a teletype operator in the group's 176th Signal Company. He will be there at least 16 months.

ALLEN LOCKLIN

Army Private Allen D. Locklin, 19, son of Mr. and Mrs. Samuel H. Locklin, Rockdale, completed eight weeks of basic training at the U.S. Army Training Center, Infantry, Ft. Ord, Calif.

He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid, and Army history and traditions.

ALLEN LOCKLIN

Sharp Tracy Fr'ship

By Mrs. Leroy Guillote

Miss Cindy Stevens, daughter of Mr. and Mrs. Robert Stevens, and Randy Mayse were married Saturday morning in Rockdale at the Ray Mayse home. Randy's father, Rev. Ray Mayse married the couple. Cindy's grandparents, Mr. and Mrs. Frank Sessions of Eden were special guests at the ceremony. Randy is employed in Roundrock, and the couple will make their home in Roundrock.

Mrs. Ruth Caffey's grandchildren, Keith and Kathleen Davis of Victoria are spending the week with her.

Mr. and Mrs. George Riddle and girls of Mexia spent several days with her folks, Mr. nd Mrs. Dan Drummonds.

James Schwartz and family of Waco spent several days with Mr. and Mrs. Bill Schwartz, and got in lots of fishing on the San Gabriel river.

Mr. and Mrs. Robert Pope and children of Phoenix, Arizona spent a few days with his folks, Mr. and Mrs. Bill Pope.

Mr. and Mrs. Ross McQuary enjoyed a visit from Mr. and Mrs. Dick Pope of Alice, Texas.

Mrs. Mabel Charles had her grandson, Don Culp of Troy with her for a weeks visit. Mrs. Charles has also had sheep killed by wolves.

Sunday dinner guests of Mr. and Mrs. Wayne Lawrence and family were Mr. and Mrs. Harry Guillote. They also spent a while Sunday evening with Mr. and Mrs. Leroy Guillote.

Mrs. Edward Cousins and children, Danny and Sandy, of near Houston spent Thursday night with her parents, Mr. and Mrs. Jerry Harbz, and brother, Morris.

Paul and Patricia Mitchell and sons of Hearne spent Saturday with her folks, Mr. and Mrs. Buck Garner. Sunday, Barkley and Barbara Garner and sons of Austin, spent the day with the Gar-

ners, and their son, Bret, returned home with them after vacationing a week with his grandparents.

Mr. and Mrs. Edmond Thiele of Taylor were Sunday guests of Mr. and Mrs. Howard Coffman.

James Beard Jr. and Cheryl are home after spending two weeks in Dallas visiting with relatives.

Mrs. Nelson Davis and her sister, Mrs. Ruth Price of Temple spent all week in Arkansas. They enjoyed the Ozarks, Hot Springs, Harrison and Eureka. Eureka Springs is called the little Switzerland of America. There, they saw the Great Passion Play. Harrison is known as Dog Patch, U.S.A. Among the many people they saw there was Minnie Pearl.

Mr. and Mrs. Leroy Guillote drove to Houston Tuesday to attend funeral services for Mrs. Joe LaRose. Mr. and Mrs. LaRose lived in Rockdale for a number of years.

Mr. Nick McBurnett, Jr. and Mrs. Jim Cryer, both passed away last week after long illnesses.

Jones Prairie

By Mrs. Mildred Martin

Mrs. Willie Phipps was guest of her daughter, Mrs. Thomas Hickman, of Waco, recently.

Rev. N. J. Barnes was guest speaker at Little River Baptist Church Sunday. The church is without a pastor now. Rev. Phillip McKown will fill the pulpit Sunday August 18th in view of a call. Bro. McKown is the past music director of First Baptist in Cameron. Everyone is invited and urged to attend services Sunday.

Mrs. Tish Kenney and Mrs. Lela Faye Haney, of Waco, helped their father, Mr. Rev. Jones, celebrate his birthday which will be Monday.

Mr. and Mrs. Jimmy Burgess, of Rockdale, visited her parents, Mr. and Mrs. Harry White Sunday afternoon.

Those attending the REA meeting in Travis Friday night were: Mrs. Helen Jamison, Mrs. Amanda Crook, Miss Susie Atkinson, Mr. and Mrs. Luther Todd, and Mr. Burnett Atkinson.

Mrs. Luther Todd visited her aunt, Mrs. J. C. Bra-

shear in the Rosebud Nursing Home Sunday p.m.

Mrs. Hope Jamison had a weekend guest her son, Hope Jr. and his son, Jerry, and David Jones.

Mrs. Julia Vaughan, of Hearne, visited Mrs. Hazel Fontaine Saturday. Mr. and Mrs. James Fontaine, from Austin, also visited his mother over the weekend.

Rev. and Mrs. Larry Kendrick and daughter, Pam, spent Monday night with Mrs. Hope Jamison. He is a former pastor. Many of the church members called to see them during the evening.

Mrs. Helen Fontaine and son, Graham, and Miss Lillian Russell visited Mrs. Hazel Fontaine during the week. They are from Houston.

Mr. and Mrs. Dub Keith and daughter, Pam, and Mr. and Mrs. Ted Martin and daughter, Jennifer visited Mrs. Mildred Martin Sunday afternoon.

Mr. Willie Burnett is visiting his son, Jack, in Katy.

Mrs. Willie Phipps had the following visitors over the weekend. Mr. and Mrs. Thomas Hickman, Mr. and Mrs. R. T. Price, Mr. and Mrs. Randy Blackman and children, Mrs. Ruth Townsend and daughter, Mary Ruth Sykora, all of Waco.

Your news reporter, Mrs. Bill Thweatt, should be home from her vacation, in Col-

orado with her son and family the Billy Thweatts, for the next news report.

San Gabriel

By Mrs. W. McDaniel

The community extends sympathy to Mrs. Nick McBurnette, sons, brothers and sisters at the loss of their husband, father and brother. Bro. Bob Wisnberg of San Gabriel Baptist was in charge of burial arrangements.

Mr. and Mrs. Randy Robinson of Lexington were week end guests of their parents. Mr. and Mrs. Jimmie Robinson and Sherry.

Darren and Dawn Heine spent Wednesday night with their grandparents Mr. and Mrs. Richard Heine.

Mrs. Andrew Garner spent last week end with her children Dr. and Mrs. James Malone and daughter in Austin.

Mr. Will Lovelace is a patient in the V. V. Hospital in Temple. He was taken by Bro. Bob Womberly.

ank and sons this week.

Miss Lynette Terry left Sunday afternoon for Houston where she will be teaching in one of the schools there. She will begin her classes Monday morning.

Exam Set For Tax Practitioners

Final notice was given to tax practitioners, other than attorneys and CPAs, of the deadline of August 31, 1974, to file application to take the Internal Revenue Service examination to practice before the Treasury Department. This is not an examination to obtain employment with the IRS.

District Director of Internal Revenue for southern Texas Richard J. Stakem, Jr. said today in Austin that this annual examination will be held in all IRS district offices on September 23 and 24, 1974. Persons so interested may obtain application forms and complete instructions by writing to the Chief, Administration Division, Internal Revenue Service, 300 East Eighth Street, Austin, Texas 78701.

ITCHY, BURNING TOES! EASE IT! ITCH PAIN

HARD FACTS ABOUT OUR DODGE BOYS' 1974 MODEL CLEARANCE.

'74 Dart Custom 4-door sedan.

'74 Dart Swinger hardtop.

DART CLEARANCE!

FACT 1: A DODGE DART SIX CAN GET BETTER GAS MILEAGE THAN A FORD MAVERICK, CHEVY NOVA, BUICK APOLLO, OLDS OMEGA, PONTIAC VENTURA, OR MERCURY COMET.

Of course, the mileage you get depends on many factors including how and where you drive and the condition of your vehicle.

FACT 2: DART HAS MONEY- SAVING ELECTRONIC IGNITION STANDARD. (NONE OF THE SMALL-CAR COMPETITION HAS IT!)

FACT 3: DART SWINGER OFFERS A FREE AUTOMATIC TRANSMISSION.

Buy a Dart Swinger or Custom four-door sedan equipped with power steering, vinyl roof, AM radio, light package, whitewall tires, deluxe wheel covers, left remote-control mirror, deluxe bumper guards, three-speed wipers with electric washers, day/night, inside mirror, deluxe insulation package, and special exterior trim, and your Dodge Dealer can offer you the automatic transmission free (because Dodge doesn't charge him for it).

Our model clearance prices are right on target.
(And that's a fact!)

Obituaries

Bollin

Mrs. Martie Bollin, 68, of Lott, died at her home Friday after an apparent heart attack.

Funeral was at 2 p.m. Sunday at Hoelscher Funeral Home in Rosebud with Minister Calvin Prince and the Rev. Norval Barnes officiating. Burial was in the Clover Hill Cemetery in Lott.

Mrs. Bollin was born in Haskell County. She had lived in Lott most of her life. She was a member of the Lott Church of Christ.

Surviving are her husband, John Bollin of Lott; three brothers, Walter Johnson and Debs Johnson, both of Lott, and Joe Johnson of Saginaw; four sisters, Mrs. Velma Leuchner and Mrs. J. L. Gibbs, both of Houston, Mrs. Lola Ferguson of Joplin, Mo. and Mrs. C. L. Lemley of George West; and several nieces and nephews.

Glaser

Otto F. Glaser, 84, of Cameron, died Friday night at his home of an apparent heart attack.

Funeral was at the Abiding Savior Lutheran Church with the Rev. John Homerstad officiating. Burial was in the Oak Hill Cemetery.

Mr. Glaser was born in Austin County. He had lived in Milam County nearly 60 years. He was a farmer.

Surviving are his widow; Mrs. Ola Glaser of Cameron; a son, Alvin Glaser of Rosebud; two daughters, Mrs. Carl Rankin of Houston and Mrs. Walter Kosel of Cydon; seven brothers, August Glaser of Temple, Albert Glaser, Willie Glaser, and Leo Glaser, all of Cameron. Herman Glaser of Buckholts and Theo Glaser of Mart; and four grandchildren.

Marek - Burns - Laywell Funeral Home of Cameron was in charge.

Peel

George H. Peel, 78, of Milano died at 9:45 a.m. Sunday in a Marlin hospital.

He was born Nov. 28, 1895 at Port Sullivan and was a veteran of World War I.

Funeral service was held at 2 p.m. Tuesday at Marek-Burns - Laywell Funeral Home, Rev. Perry Richardson officiating. Burial was in the Milano Cemetery.

Surviving are his wife, Mrs. Edna Peel of Milano, six sons, George H. Peel Jr. of Caldwell, Hooks Peel of Brazoria, Robert Peel of San Antonio, Jimmy Peel of Freeport, Alvin Peel of Dayton, Ohio, and Tommy Peel of Freeport; three daughters, Mrs. Marie Kitchens of Caldwell, Mrs. Mary Clark of King George, Va. Mrs. Betty Boyd of Milano, one brother, Bryan Peel of Hearne; two sisters, Mrs. Lilly Victor of Houston and Mrs. Mable Whatley of Eddy; 28 grandchildren and five great grandchildren.

Hoyle Church To Offer Teaching

The Hoyle Church of Christ on Hanover road will have gospel teaching programs August 17-25 on week days at 8 p.m. each evening.

Sunday worship will be at 10 a.m. and 6 p.m.

Lowrey

Mrs. Emily L. Lowrey, 74, of Rt. 1, Gause, died Saturday night in a Temple hospital following a long illness.

She was the daughter of Henry Clayton Burke and Lottie Reese Burke, born August 16, 1899 in Texas.

Funeral service was held at 2 p.m. Monday in the chapel of Green Funeral Home, Rev. M. E. Smith officiating. Burial was in the Gause Cemetery.

Surviving are her husband, L. L. Lowrey of Gause; four grandchildren and a number of neices and nephews.

New Service For Vets Is Outlined

A new Veterans Administration program which is designed to provide personalized service to veterans receiving educational assistance benefits under the GI Bill is underway now at Temple Junior College.

Dan N. Holland is the VA's representative for TJC and will be spending one day a week, Thursdays, at TJC from 9 a.m. - 3:30 p.m. in the Arnold Student Union lobby. Holland, who joined the VA this year, is one of 1,327 Vet-Regs hired or assigned from within the VA for the campus representative position.

He received orientation at the VA regional office in Waco and participated in an intensive two-week course conducted at West Georgia College in Carrollton, Ga., for Vet-Reps from the 113 southeastern states, he said.

Among his responsibilities to veterans attending TJC will be the resolution of individual payment inquiries; the elimination of payment delays caused by changes of address, dependency status, or school course work; and the overseeing of certification by the student and TJC, Holland said.

Holland will serve also as liaison for all campus veteran groups and brief them on benefit matters, he said.

Ford Attends PCA Meet

Ted Ford of Rosebud, member of Bryan Production Credit Association Board, joined PCA officials throughout Texas in Houston August 15 for the Production Credit Association Directors' Conference.

Horace Dansby, Bryan PCA president who accompanied Ford, said the conference is designed to re-emphasize policy and management functions of the Production of Credit System and bring the directors up-to-date on services provided to Texas' 32 PCAs by the Federal Intermediate Credit Bank of Houston.

Program speakers include W. H. Calkins, the bank's president; Bill Black, Texas Agricultural Extension Service economist; and J. D. Jackson, American Airlines, Flight Academy instructor. "Innovate, Motivate, Communicate" comprise the conference theme.

Bryan PCA loans outstanding to area farmers and ranchers were \$25.3 million as of June 30, 1974. Bryan's PCA charter territory includes Brazos, Burleson, Grimes, Marlin, Milam and Robertson counties.

TSTI Head Offers Tips For Saving On Food Bills

Saturdays used to be spent by Mom and kids wheeling through the brightly lit aisles of the supermarket gazing at the brightly-colored packaged foods. Excitement dominated the shopper as he spotted new products which were snatched from the shelves.

But now shopping has become a chore. Inflation has put her foot in the door and the packages aren't as bright anymore.

Herman Wainwright, chairman of the new supermarket management program at the James Connally Campus of Texas State Technical Institute, has put together some tips for shoppers who want to save time, money and gas.

"Most customers like stamps, but they must realize they are usually paying 2 percent for them. I think the shoppers must decide for themselves what they want. Better service, more checkers and baggers also cost money," Wainwright said.

Convenience has become the number one factor in determining whether the product is bought. And shoppers pay for the convenience foods.

"There has been a study conducted comparing the time spent by an average homemaker in 1922 and 1972. The total time for the homemaker in 1922 to prepare meals and clean up plus washing and house cleaning was 78 hours per week. For the same chores in 1972, 23 hours 50 minutes was all that was needed," he said. "Convenience foods are one of the major causes of

rising food prices," Wainwright added.

Wainwright brings eight years of experience in food service to State Tech. He has participated in a statewide traveling training program and has taught as a field trainer for Del Mar College in Corpus Christi. He is currently working on his masters degree.

Shoppers may question the quality of private labeled foods—that is, foods packaged by the store. "In my opinion, private labeled foods are just as good in quality as national labeled foods. You would have to be a connoisseur to tell the difference," he said.

"It is also wise to compare prices of different brands. All brands aren't packaged the same way and reading the label is to the shopper's advantage," Wainwright said.

Content of a product for the money should be studied with great care. Packagers are required by law to list the ingredients in descending order according to their

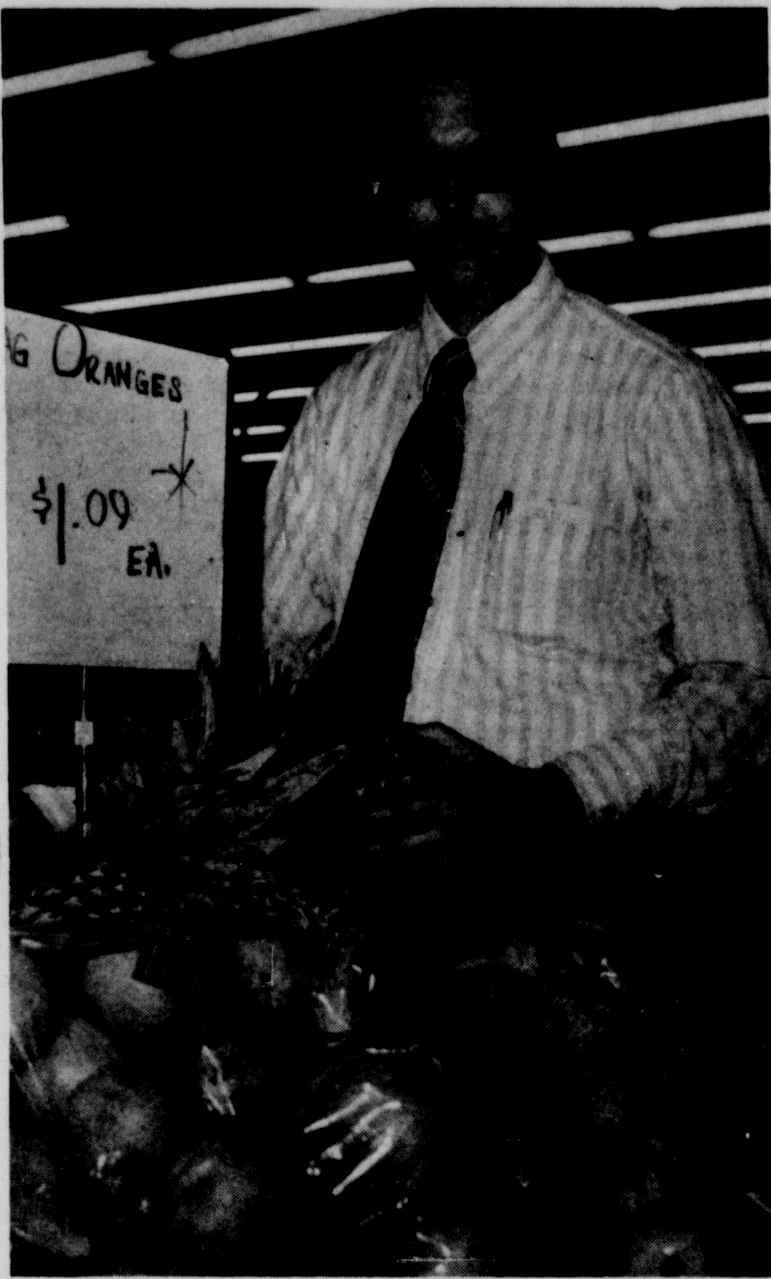

weight. This will be helpful in determining whether the food is a bargain or a rip off.

Quantity is just as important as quality. "To stretch the dollar, shoppers should check the unit price; that is, the price per pound ounce, or whatever measurement is used," said Wainwright. "It takes a little time, but you save," he added.

With the recent gas shortage and higher gas prices, planned trips to the supermarket will also save the shopper money. Hopping from one grocery store to another is not advisable. Several trips waste gas and time.

Several foods on special can be bought in large quantities and easily stored. "You can freeze bread and it will still be fresh when you need it," reported Wainwright.

"As far as day-old bread, what difference does one day make? The loaf will sit at home for about a week anyway and day-old is cheaper," he said.

COMPARES - Herman Wainwright compares the products for a better buy to lower the rising cost of the grocery bill. Wainwright, chairman for the new supermarket management program at State Tech, said the percentage of take-home pay spent on food is lower than it ever has been, State Tech photo.

A&M Now Offers Course In Environmental Science

Texas A&M University's College of Agriculture now has a curriculum on Bio-Environmental Sciences leading to a Bachelor of Science degree.

The program, approved by the Coordinating Board, Texas College and University System, will be administered by the A&M Department of Plant Sciences. Students will be accepted this fall.

Dr. H. O. Kunkel, dean of agriculture, said the program will train scientists to deal with increasing problems of man in relation to his environment. It is strongly oriented to the basic sciences but flexible enough to lead to a variety of careers.

Curriculum objective, the dean said, is to produce graduates for careers in industry or governmental agencies with responsibilities for maintaining and improving environmental quality. Professional competence at the cellular and molecular levels will enable graduate to identify, evaluate and help in solution of environmental problems.

Career opportunities exist in research, regulatory, educational and administrative areas. Graduates also may work in development of pollution control practices, fac-

Winners Named For Belton Show

Reno's Bracket, owned by Jim Cochill and Frank Wolf Jr. was grand champion stallion at the Belton Mid-Tex Quarter Horse Breeders Association show.

With 260 horses and 35 colts that showed in the weanling and yearling futurity classes the show went well over the number of horses needed for a Class A rating set by the American Quarter Horse Association.

The Youth classes went very well and doubled in number this year. Divona Simpson of Austin was high point youth.

Reserve champion stallion was Hesa Rosita owned by Dell Mathews of Fort Worth. Other winners included grand champion mare, Beatie Win Even owned by Howard Ross of Barrington Hill, Ill. Reserve champion mare was I'm a Dancing Dude owned by L. M. Pearce Jr. of Houston.

Grand champion gelding was Mr. Roja Bar, owned by Glenn N. Neams of Round Rock. Reserve champion gelding was Pappy's Coco Pride owned by Mindy Chandler of Atlanta, Ga.

ilities and equipment.

Kunkel said the curriculum also carries a "plant protection" option designed to provide personnel for the agricultural chemicals industry.

Graduates will go into agricultural research, development, sales, and forestry or ornamental plant protection specialties. Other positions include technical consultants to nurserymen, estate managers, golf course superintendents and aerial applicators.

In addition, federal-state plant quarantine and protection services, agricultural Extension services and commercial pest control firms seek plant protection graduates, Kunkel said.

Retired Persons To Hear Mrs. Allen

At the next meeting of the Temple Area Chapter of the American Association of Retired Persons on Tuesday, August 20, Mrs. H. K. Allen will be the speaker. The program will be on the American Bicentennial.

Temple was the first city to receive the official designation as a Bicentennial City from the American Bicentennial Commission of Texas, with Mrs. Allen in the leadership position. Mrs. Allen started as early as 1970 on the project. Temple was approved as the first Bicentennial City in Texas on Sept. 13, 1971. On July 4, 1973 Temple was among the first eight cities in the nation to receive national designation as a Bicentennial City.

The meeting will be held in the Texas Room of Texas Bank and Trust Company in Temple, at 3:30, with Coleman L. Young, president, in charge of the meeting. B. F. Harbour is program chairman, Mrs. Jack Calvert is secretary, and E. T. Vinyard is treasurer.

Visitors and prospective members are invited to attend the August 20 meeting.

POPULAR GAME

American checkers and English draughts are identical, but there are other versions of this popular game. All 64 squares on the board are used in playing Turkish checkers, while in Spanish checkers all pieces move backward as well as forward.

ANT HABITS

Many ant species develop symbiotic relationships with other insects, acting as guests, slaves, or herders, National Geographic says.

Inflation Leaves Many Homes Underinsured

If "inflation" were a person, it would be an Olympic gold medal winner this year, for being able to climb so high at such a fast pace.

"Inflation is with us, and we should do what's best to keep up," suggest J. O. (Jim) Smith Jr., chairman of the Texas Insurance Advisory Association. "This is especially true when it relates to building or maintaining a home."

Smith recommends that Texas homeowners ask themselves this question: "How much would it cost to replace my house today?" Before answering, Smith says, consider how long ago an estimate was made.

"Even if homeowners have checked as little as a year ago, the figures probably are out of date."

To illustrate the point, Smith cites figures that show that \$100 worth of construction in 1967 would have cost \$152 in December, 1973, an increase of more than 50%.

The Consumer Price Index of the U. S. Department of Labor reveals more about the upward trend.

For instance, \$100 worth of house maintenance and repairs in 1967 would have cost \$162.20 in March, 1974, according to the CPI. In other areas, the \$100 value in 1967 has jumped in 1974 to \$179.80 for repainting living and dining rooms; to \$180.50 for reshingling roofs; \$159.50 for re-siding houses.

"With these costs skyrocketing," Smith points out, "many may find themselves faced with repair and reconstruction costs that far exceed their insurance coverage. It's surprising that most people don't even bother to check, until it's too late."

Smith says inflation increases the need for homeowners to know and understand their insurance policies.

ise--and for them to get an accurate idea of what it would cost to replace their homes with today's financial conditions.

"If someone has a special package policy, commonly called a homeowners' policy," Smith says, "then there are some advantages when partial damages to the home occur."

He said the "replacement cost provision" is the key. This goes into effect when the home is insured for at least 80% of its value. For a \$30,000 home, this would be \$24,000 of insurance coverage. For a \$35,000 home, this would be \$28,000 of insurance.

For a \$40,000 home, this would be \$32,000 of insurance.

"If the policy is for at least 80% of the value of the home, claims involving damage to the building are settled on the basis of the full cost of replacing or repairing," Smith says. "In other words, no deductions would be made for depreciation, as is customary in settling insurance losses. This point is important, because a lot of people think if they just have insurance, it will totally replace whatever is damaged. They forget about depreciation, and they can be disappointed."

Stars Set Show At Six Flags

Country singing star Donna Fargo and the soul/pop group known as The Hues Corporation are scheduled for appearances at Six Flags Over Texas.

On Friday, August 16, Donna Fargo will present two shows in the park's Music Mill Theater. Her two gold singles, "Funny Face" and "Happiest Girl in the Whole U.S.A." have been heard on just about every radio station in the country. And her latest release, "You Can't Be a Beacon" (If Your Light Don't Shine) is rapidly climbing the charts. Friday's shows will be at 8 p.m. and 10 p.m.

On Saturday and Sunday, August 17 and 18, The Hues Corporation will appear. With three successive hit singles, "Freedom For the Stallion," "Miracle Maker" and their biggest yet, "Rock The Boat," the three-member soul and pop group have hit the bigtime. Their shows at Six Flags will be at 8 p.m. and 10 p.m. on Saturday and at 7 p.m. and 9 p.m. on Sunday.

Six Flags will be in full operation on Friday and Saturday from 10 a.m. until midnight and from 10 a.m. until 11 p.m. on Sunday.

Summer Enrollment Increases

Summer school enrollment at Temple Junior College has totaled 498, an increase of more than 34 percent over last summer's enrollment.

During the first summer semester, 261 students were enrolled in TJC's day school with 69 students taking night classes, Registrar Charles L. Stout said. This figure compared to a total first summer semester enrollment of 241 last summer.

Summer II enrollment this year totals 168, compared to 128 last year, Stout said. Of the students currently registered for summer school classes, 100 are in-district students, 63 are from out-of-district, and five are from out of state.

Sixty-two freshmen and 106 sophomores are currently registered, he said. Of the 168 students registered for Summer II, 75 are men and 93 are women.

Talk is cheap.

Especially between 11 p.m. and 8 a.m., seven days a week. That's when our one-minute rate is in effect on Long Distance calls you dial direct the One-Plus way. If you talk one minute, you pay for one

minute. Not the usual three. Coast-to-coast, the first minute costs just 35¢. And each additional minute is only 20¢. Phone someone who lives closer and rates can be even less.

Rates above do not include tax. One-Plus rates do not apply on calls made from coin telephones.

One-Arm Hunt Set At Olney

Jack Bishop, Young County Commissioner and Jack Northrup, executive director of Olney's Neighborhood Development Program, (also known as the two one-arm Jacks) have begun preparations for the third "Olney International One-Arm Dove Hunt."

This event originated as a joke during a coffee drinking session between the two One-Arm Jacks who are also One-Armed Jokers.

The hunt is open to any hand or arm amputee.

The two day event is scheduled for September 6th and 7th.

Activities tentatively planned will be registration beginning at 8 a.m. September 6th at the Community Center. Following registration there will be a period of fellowship, music, storytelling, perhaps a little lying, and maybe a practical joke or two.

Sometime during the festivities the "Cow Chip Chukin" Contest" will be held. To enter this a person has to be either an amputee or an elected official. The politicians are out for revenge this year as Jack Bishop took top honors last year with the longest toss.

Another annual highlight will be the dove dinner to be

held at noon on Saturday just prior to the hunt itself. Joe Ross, local restaurant owner, with the help of many friends, has charge of this meal served buffet under beautiful elm trees at Bitter Creek.

Prize drawings also are held at various times during the two day meet. Local merchants make contributions in cash or merchandise for the drawings and also the awards given for hunt winners.

Saturday morning has been set for the 10¢ Per Finger Breakfast. This is the sly way the two One-Arm Jacks have to get something at a discount. Finis Ross has charge of this breakfast.

Hunting places for dove are provided by local ranchers and farmers.

Any amputee desiring to hunt or just to fellowship should contact the One-Arm Dove Hunt Association, Box 582, Olney, Texas 76374.

Unleaded Gas To Be Available

Reports from refiners indicate the supply of unleaded gasoline in the southwest region of the nation should be adequate during August, it was reported today by Delbert M. Fowler of Dallas, regional administrator for the Federal Energy Administration.

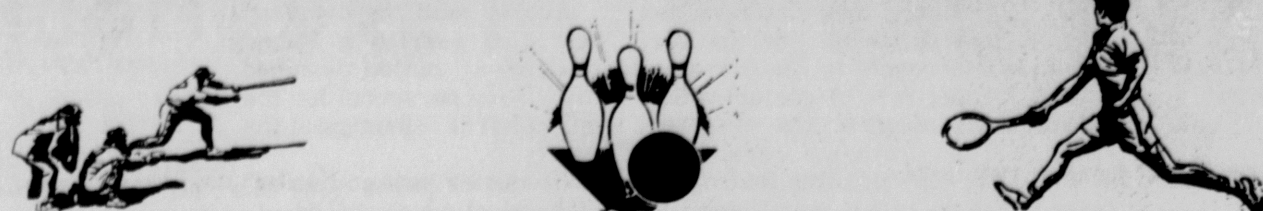

Based on reports from refiners supplying the five-cent of the total gasoline available will be unleaded, Fowler said. The five states include Texas, Oklahoma, New Mexico, Arkansas and Louisiana.

Under regulations of the Environmental Protection Agency, every retail gasoline outlet which sells more than 200,000 gallons of gasoline per year must market unleaded gasoline. In specified rural areas, stations selling 150,000 gallons per year must stock the unleaded product.

Salach joins the ranks of selected volunteer instructors throughout the country who donate many man hours in the NRA small arms education program. The program has been in operation since 1876; since that time many millions of people have been taught to handle and enjoy firearms safely and effectively.

Mr. Salach is a Club Instructor with the local Ben Milam Gun Club.

HERALD SPORTS

Page 10 Cameron, Texas, Herald, August 15, 1974

93 Try Out For Frosh, Varsity

Fifty-six seniors, juniors and sophomores are out for two-a-day varsity football drills at Yoe High School and 27 freshmen are trying out.

Head coach Ed Cauley said the 56 included returning lettermen and starters, but he was not listing any team line-ups this early in pre-school practice.

The Yoeman are rated second to Hearne in pre-season comparisons for a 23-AA grid crown. Hearne won a AAA district title last year, going back to AA ranks like Cameron.

The Varsity and junior varsity roster now stands. Michael White, Greg Kelley, David Fincher, Kelvin Kelley, Brian Cobb, Ricky Hollas, Mark Harwell, Mike Mueck, Donald Hanel, Joe Smitherman, Jim Kohutek, Harry Brooks, Ronnie Bennett and Gary Hornung.

And, Mark Fritz, Donald Komar, Aaron Miller, Eddie Dodd, Dennis Butler, Clay Kruse, David Kornegay, Jim Chandler, Phillip Tindall, Tony Stinnett, David Delony and Fredrick Lewis.

Also, Jeff Smitherman, Kenneth Scott, Joe Mondrik, Randy Sapp, Gene Kopriva, Brian Wilkinson, Bruce Zar-

osky, Willie Bell, Gary Trdy, Stanley Manners, Jafus White, Dennis Hollas, Troy Daniels, James McCullin, James Pair and Joe Schmidt.

And, Carl Bradley, Robert Mailer, Mike Barr, Julian Martinez, Bob Terry, John Roberts, Ysidaro Tamez,

Bill Hughes, James Walker, Donald Lindeman, Richard Raymond and Sam Green.

Freshman tryouts include: Joe Reyes, Thomas Williams, David Rosemond, Larry Burnett, Gary Mitchan, Curtis Wise, Wayne Elley, Ray Jackson, Derik Small, John Schmidt, John Krall, Erroll

Spells, John Mondrik, Richard Botts, James Burnett, Gary Lewis, Peter Riola, Stephen Anderle, Alan Richardson, Dean Pittman, Ronnie Orsag, Michael Knight, Lawrence Lowe, Stanley Schigut, Albert Hanel, Gary Stephens and Roberick Kelley.

ANCIENT LANGUAGE

The language of the ancient kingdom of KMeroe, which flourished between 600 B.C. and A.D. 400, was written in hieroglyphics that sowed a strong similarity with the Egyptian.

Murray-Go-Round

By Tom Murray

BIG JIM, SPOILER:

Funny, but Big Jim Yarbough, Galveston Ball High's All - America Linebacker, ruined a good column for Yours Truly.

It goes this way:

About middle of the third quarter of the Schoolboy All-Star football game at Houston's Astrodome, when UT-Bound North Superback Earl Campbell was fumbling everything in sight, a thought occurred: Writers covering question Earl the Pearl's ability as a ball-toter.

And, sure enough, they did. Immediately a majority of Press Boxers voted North Teammate Fullback Mike Mock, a good runner, but no Campbell, the game's most outstanding back.

No way. Mock's only good yardage came as a direct result of Campbell.

Campbell? He did not walk on water. He did not leap tall buildings. He did not race for long, spectacular touchdowns as many of these very sports writers had predicted. In fact, he fumbled five times.

But, he was the best running back on the field. He even had the best statistic: 109 yards in 28 carries, etc.

Most important, however, was the fact Earl Campbell had virtually no help. The North team had absolutely no other running backs and for three quarters, no passing attack. Consider that record total carries (28) and it is clear North Coaches knew the big Tyler Rose was All they had. So, the South defense could move in and let him have it.

So, for three quarters, with North Quarterback Rodney Allison misfiring when he was not handing off to Campbell, it was Earl C. vs. 11 headhunters drawn

into a tight circle.

SOUTH HITTERS:

And, did the South have some big hitters to hammer Campbell. Future college defensive stars. As good as he is, the 218-pound Campbell is no more man than the 6-3, 260-pound Yarbough who repeatedly stuck him out of the South Middle Lineback spot. Nor, is he any better man, nor athlete, than either South Tackle John Kramer nor Alfred Sanders, both 250. Nor, Defensive End Travis Couch, at 235. Nor Allen Rickman, 6-5 and 255.

One of the game's real headhunters, Tech - Bound Louis Linebacker Greg Wessels, at 225, showed he was no Babe, repeatedly zeroing in on Campbell. Wessels? One Rice Scout calls him one of the state's better college prospects.

So, we were prepared to say, in writing, those who would jump to conclusions that Earl Campbell was a schoolboy flower ready to melt under the white-heat of college competition, were at best short-sighted.

Then, Big Jim Yarbrough said it for everybody. A Houston writer asked one of those, "Well, what do you think of him now?" questions. Yarbrough was quoted something like, "Those SWC people who think Earl Campbell is a high school flash-in-the pan, are going to be in for a surprise. He's something else. Hardest man to bring down I ever played. I'm glad I don't ever have to play against him again." Both are headed for Austin.

Anyway, thanks a lot, Jim, for ruining my story. Your quote, made into a wire service story, was published all over the state.

Only you and Austin Sports columnist Lou Maysel, have said it for print.

Price Problems Vital, Says Poage

One of the most vital problems facing the new Administration is how to equalize and stabilize the country's price structure, Cong. W. R. Poage said this week in his newsletter.

Poage said he realizes prices must change or you have a static economy, but when prices on some items get completely out of line, many innocent people are hurt.

"Right now," Poage said, "feed grains are enjoying a much more favorable price level than livestock or poultry. Part of this is due to the anticipated shortages as a result of the drought but dairymen and turkey growers are particularly hard hit."

Poage said suggestions have been made that the country should not allow the exportation of feed grains under such circumstances.

"But, it is fair to deny the producers of maize, of corn, or of soybeans the opportunity to sell his products to whoever will pay him the most?" he asked.

"To deny this opportunity seems to me to be imposing limitations on free enterprise that should not exist. In addition, if we destroy the dependability of the Unit-

ed States as a supplier of agricultural products, are we not going to lose many of our present markets in future years when we will need them?"

"Obviously, our dairymen and our turkey producers, and to a lesser degree our cattle producers, are being hurt and we want to give them relief. The temptation is always to assume that these situations can be cured by imposing government controls but such controls have never worked and I don't believe they will," he added.

"This is an example of the kind of problems which confront both the Congress and the new President. It is going to take everybody's wisdom and cooperation to solve these problems," Poage said.

Poage also said in the newsletter that he was especially pleased to find that there is so much goodwill for President Ford. Poage said he had served with Ford for 25 years and considered him to be "a fine man and a good American."

Grant Awarded For Urban Study

An additional \$10,000 grant has been awarded to a Texas Agricultural Experiment Station scientist for a study to be administered by the A&M Research Foundation on a problem aligned with the growing urban sprawl.

Dr. Kirk W. Brown, TAES assistant professor in soil physics, is project leader for the research investigations that will determine the accumulation and passage of pollutants in domestic septic tank disposal fields.

"Will there be enough electric power to meet my needs next month? Next year?"

Shortages and predicted shortages of electricity in various parts of the country are causing many people to wonder, "Will there be enough electric power to meet my needs next month? Next year?"

Texas Power & Light wants its customers to know what it has done, and is doing, to maintain adequate and dependable electric service.

TP&L surmounted a critical situation in November and December of 1972 when unusually cold weather caused an abnormally high demand for energy for heating. Two natural gas suppliers curtailed deliveries to the Company to the extent that nearly 10 million gallons of fuel oil were required to operate power plants.

During 1973, in anticipation of possible further gas curtailments, the Company increased its oil storage capacity to some 42 million gallons at its generating plants. An additional 42 million gallons of storage capacity is now under construction. Because of the sharply rising costs and uncertain future supplies of gas and oil, TP&L and other electric utility companies in the Southwest are shifting to lignite—a form of soft coal—as a power plant fuel. TP&L has acquired major deposits of lignite in East and Northeast Texas. Two lignite-fueled units are already supplying electricity to TP&L customers, seven other units are now under construction and an eighth unit will be started soon.

However, even all the new lignite-fueled plants the Company can build will not be sufficient to meet anticipated future electric needs. TP&L, Dallas Power & Light and Texas Electric Service have announced plans to build two nuclear-fueled units, the first to be in operation in 1980, the second in 1982.

Planning and building generating plants, keeping plants supplied with fuel and doing the hundreds of other things necessary to produce and supply electric power is a complex and costly job. You can be confident that Texas Power & Light will continue doing what must be done to assure you a dependable supply of electricity in the years ahead.

Notice-

PUBLIC NOTICE
Cameron Independent School District today announced a free lunch policy for local school children unable to pay the full price.

Local school officials have adopted the following family size and income scale to assist them in determining eligibility.

Family Size	Family Annual Income
1	\$0-2910
2	0-3830
3	0-4740
4	0-5640
5	0-6480
6	0-7310
7	0-8060
8	0-8810
9	0-9510
10	0-10,190
11	0-10,860
12	0-11,530

Each Additional Family Member \$670

Families falling within these scales or those suffering from unusual circumstances or hardships are urged to apply for free lunches for their children. They may do so by filling in the application forms sent home in a letter to parents. Additional copies are available at the principal's office in each school. Applications may be submitted any time during the school year. The form itself is simple to complete and requests information needed to determine economic need based on the income and number of persons in the family and any unusual circumstances or hardships which affect the family's ability to pay for school lunches. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility.

Under the provisions of the policy Mrs. Bobby Looney will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the local official he may make a request either orally or in writing for a hearing to appeal the decision. Superintendent Buddy Dulin, whose school address is 504 East 10th Street Cameron, TX, has been designated as the Hearing Official. Hearing procedures are outlined in the policy.

The policy also provides that there will be no identification of or discrimination against any student unable to pay the cost of a lunch.

A complete copy of the policy is on file in each school and in the office of the superintendent where it may be reviewed by any interested patron.

Card of Thanks

CARD OF THANKS

The Cameron Blue Jays would like to thank the people of Cameron who supported our baseball team at the state playoffs in Conroe. We would especially like to thank Mr. Gene Smitherman and KML for their great support. Although we did not win, our community can be proud of the way these young men conducted themselves through the support of all of you. They have enjoyed a one in a life time experience and they are very grateful. Thanks again. The Cameron Blue Jays Joe Lee Heitman, Coach

PICKLED EGGS? TRY SOME!

Almost everyone uses eggs in preparing family meals. They are very versatile and can be used in any meal. They are excellent sources of protein, iron, Vitamin A and Vitamin D. One large egg has approximately 80 calories, 60 of which come from the yolk.

Pickled eggs are different and add spice to meals and snacks. They are especially good picnic foods. Pickle some at home and see how easy it is and how many ways you can add zest to your family's meals.

Eggs for pickling should be clean and hard-boiled. They should always be cooked at low temperatures. Overcooking will make eggs tough and sometimes cause off-flavors and off-colors to develop. To boil eggs, cover the eggs with water and bring quickly to near boiling. Reduce the heat and simmer for 15 minutes. Cool quickly with running cold water.
